Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Center for the Women of New York (CWNY) to establish a Referral and Advocacy Program for the Women Issues and Gender Equality Program to provide classes and services for women's career advancement.

The entity to receive this funding is Center for the Women of New York, located at 120-55 Queens Boulevard, Suite 325, Kew Gardens, NY 11424.

The funding would be used to provide a wide range of services to women who face financial, health, legal, safety, and social challenges. CWNY provides women with the resources they need to achieve job security, safe environments, justice, financial independence, and stability through a holistic and personalized approach to help them reach their full potential. CWNY provides direct services and supports women as they navigate the vast New York City and state systems while they transfer skills, start career, and search for jobs.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Thomas R. Suozzi".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the installation of packed tower aeration system at the Duck Pond Road Well Station in Fiscal Year 2023.

The entity to receive this funding is the City of Glen Cove, located at 9 Glen Street, Glen Cove, NY 11542.

The funding would be used to install a permanent Packed Tower Aeration System (PTAS) at the Duck Pond Road Well Station. This project is critical to providing safe drinking water to the residents of Glen Cove. The Duck Pond Road Well Station encompasses three public wells that are considered most critical of all the City's pumping stations and together provide over 60% of the City's effective potable water capacity. Currently, Glen Cove has an emergency PTAS that has reached the end of its useful life. Without a new system, the City's water capacity and quality would be severely impacted.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Thomas R. Suozzi

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Cold Spring Harbor Laboratory Next-Generation Artificial Intelligence Center for Advanced Cancer Research in Fiscal Year 2023.

The entity to receive funding for this project is Cold Spring Harbor Laboratory, located at 1 Bungtown Road, Cold Spring Harbor, NY 11724.

The funding would be used to support the purchase of hardware and software for the Cold Spring Harbor Laboratory Next-Generation Artificial Intelligence Center for Advanced Cancer Diagnostics. This funding would be used to further cutting-edge cancer research that will provide researchers with a deeper understanding of the cellular interactions that make up our tissues and the 'signaling pathways' within the tissue architecture. This promising research will advance diagnostic tools that are critical to detecting cancer earlier in the stages of the disease.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the South Asian Colon Cancer Health Initiative (SACCHI) for Fiscal Year 2023.

The entity to receive funding for this project is the India Home, Inc. located at 178-36 Wexford Terrace #2C, Jamaica, NY 11432.

The funding would be used to support outreach about the dangers of colon cancer and the importance of early detection through colonoscopies. South Asians in the New York City region have the lowest rates of colon cancer screening of all minority groups. This program will also invest in performing colon cancer screening among eligible South Asian seniors in the New York City region. Early detection of colon cancer is vital to combating it and this funding is critical to that mission.

I am requesting funding for the LGBT Network Safe Spaces Program in Fiscal Year 2023.

The entity to receive funding for this project is the Long Island Gay and Lesbian Youth, Inc., located at 125 Kennedy Drive, Suite 100, Hauppauge, NY 11788.

The funding would be used to support LGBT middle school and high school-aged youth (aged 11-18) on Long Island by investing in programs to prevent substance abuse and bullying while also focusing on improving mental health. This program will be an important step in improving mental health outcomes in order to prevent LGBT youth from turning to substance abuse or suicidal thoughts.

I am requesting funding for the Exploring American Presidential Stories Program in Fiscal Year 2023.

The entity to receive funding for this project is Long Island University, located at 720 Northern Boulevard, Brookville, NY 11548.

The funding would be used to digitize the archives Long Island University has through the Society of Presidential Descendants of early presidential personal collections and those of their families. Once archived, these collections will be made available to scholars, students, teachers, and the general public through a free mobile app and other online resources to encourage a richer understanding of the lives of our nation's early leaders and their families. These collections will also be displayed through six conference workshops that will convene educators and students to encourage engagement with the collections.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Metropolitan Council on Jewish Poverty Emergency Food Program for Fiscal Year 2023.

The intended recipient of the funding is the Metropolitan Council on Jewish Poverty, located at 77 Water Street, 26th Floor, New York, NY 10005.

The funding would be used to expand access to kosher and halal food for New Yorkers facing economic hardship. The Met Council has provided 26,460 constituents of New York's 3rd congressional district with 1,051,300 pounds of food since the COVID-19 pandemic began in March 2020. The Met Council is dedicated to helping people create pathways to self-sufficiency while they face crisis through emergency financial assistance, domestic violence intervention, and affordable housing.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the rehabilitation and development of Garvies Point Preserve and Museum in Fiscal Year 2023.

The intended recipient of this funding would be Nassau County, located at 1899 Hempstead Turnpike, East Meadow, NY 11554.

The funds would be used to expand the trails, upgrade the infrastructure to meet ADA compliance, and rehabilitate the boat house at Garvies Point. The project would be a good use of taxpayer funds because it will improve access at the Garvies Point Preserve and Museum. The project proposes to upgrade the trail system and improve connectivity to adjacent open space, upgrade the boathouse and surrounding area to improve water access, and make the museum ADA compatible. This project will connect the preserve with the adjacent Morgan Memorial Park and Glen Cove's 56-acre waterfront. Garvies Point is visited by 80,000 people each year and by bringing the Museum up to ADA compatibility it will be able to serve even more individuals. It also proposes to upgrade the boathouse, thereby allowing patrons to arrive to Garvies Point by watercraft, as well as allow the County to rent out watercraft to the public.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the rehabilitation of the Roslyn Grist Mill in Fiscal Year 2023.

The intended recipient of this funding would be the Roslyn Landmark Society, located at 36 Main Street, Roslyn, NY 11576.

The funds would be used to rehabilitate a historic Dutch watermill built between 1715 and 1741. This industrial mill was used for over 150 years before becoming a tearoom and tourist attraction in 1920. The building was placed on the National Historic Register of Historic Places in 1986. Unfortunately, the Grist Mill has faced difficulties and is currently undergoing a rehabilitation process to open it up to the public once more. The purpose of the project is to complete the timber frame restoration, re-installation of the timber frame elements, and lowering the building to street level to allow public access to the historic landmark once again.

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting funding for the rehabilitation of the Asharoken Seawall in Fiscal Year 2023.

The intended recipient of the funding is the Village of Asharoken, located at 1 Asharoken Avenue, Asharoken, NY 11768.

The project would reinforce and rehabilitate approximately 180 feet of seawall that protects Asharoken Avenue from the Long Island Sound to the east and the Duck Island Harbor to the west. The road is subject to inundating surge from large storms. The proposed project would focus on protecting the most vulnerable portions of the road to prevent the worst flooding. This project would help protect residents and the infrastructure of Asharoken from being further endangered by storm surge.

I am requesting funding for the Northport Main Street Flooding Mitigation Project for Fiscal Year 2023.

The intended recipient of this funding is the Village of Northport, located at 224 Main Street, Northport, NY 11768.

The funding would be used to combine green infrastructure and standard practices to reduce the volume of water entering Main Street and causing large flooding issues that pose a threat to businesses and residents along the street. Some of these strategies include installing Municipal Separate Storm Sewer Systems. Currently, the flooding can surge down Main Street during heavy rain. The green infrastructure will be available to capture the water quality volume or 90% of the storms, while the additional standard practices will be placed to reduce the volume of water entering Main Street.

I am requesting funding for a new dehumidification system for the Alibicocco Pool in the Huntington YMCA in Fiscal Year 2023.

The entity to receive funding for this project is the Young Men's Christian Association of Long Island, located at 125 Dosoris Lane, Glen Cove, NY 11542.

The funding would be used to purchase and install a new HVAC system for the aquatic center. Currently, the dehumidification system is over twenty years old and is close to failing permanently. When that happens, the YMCA will have to shut down the aquatic center due to unsafe air quality. Already, the failing system has created problems by holding chloramines down at the surface of the water in the active breathing zone.
